

Trimble

**Silver State Helicopters,  
Las Vegas, NV**

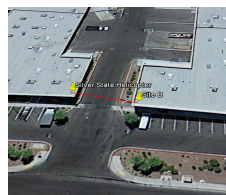

**Distance: 74 Meters Speed: 100 Mbps Full Duplex**

**Purpose of Link:** Silver State Helicopters in Las Vegas, NV needed to connect their data network in Bldg. 570 to their expanded space in Bldg. 580. Only 20 meters separated them...along with newly poured asphalt and tarmac. Since digging up the ground wasn't an option with their landlord, they contacted BluTec Systems for a recommendation.

Deciding to install a Trimble **PX-P0200E1000TP** provided just the right 'fast pipe'...without disruption to earth, infrastructure or tenant neighbors.

20 meters of tarmac a problem limiting your network connections between buildings? No problem. We are here for you. Get a QuickQuote today.

BluTec Systems

**Operating out of Chanhassen, MN USA, BluTec Systems** is structured to serve customers from around the world. Our staff is available 24x7, seven days a week to handle any inquiry or question you might have.

We are here to serve YOU. Thank you for allowing us to help you with your wireless point to point needs.

**Installation Services**

Since 2001, BluTec Systems has installed more links (750+) than any other North American provider of point-to-point solutions. Our manufacturer-certified installers are proficient across all brands of FSO or RF products.

Their job...is to make the integration to your network environment as seamless as possible. Taking just two days, we promise your vital infrastructure services will go uninterrupted.

**Quick Quote**

This unique feature delivers our recommendation and pricing with no charge or obligation to you. Thank you for the opportunity!
